

WE WISH YOU *PEACE*, *JOY* AND *PROSPERITY* DURING THIS HOLIDAY SEASON AND THROUGHOUT THE NEW YEAR!

As we send our 20th annual Calendar Folly, we'd like to point you to a work that has been a catalyst to them over the years. *Dressing Shadows: In Other Words* is our layered exploratory project that tours the relationship between words, form and color while sketching a silhouette of the human condition and its relation to time. It is now available for the Holidays at your favorite booksellers.

Every moment in time is a platform upon which we can play our selves. We do so by acting in particular roles that are often dynamically shifting from one space to another. Last year's *Sandbox* fully portrayed each month as a room in plan. *Stages* does so in elevation to model the year framed by two arbitrary horizons of past and future. These infinite planes can be seen to glide down the metaphorical structure as time passes to create new places for us to perform.
